

## Supercharge Your Interface Promotion

Buy iRig HD 2, iRig Pro or iRig Pro DUO and get your choice of AmpliTube 4 Deluxe or T-RackS Grand for free!

IK is pleased to bring you our special Supercharge Your Interface promotion, which is guaranteed to get you recordings charged up! From April 1st through April 30th, 2017, when you purchase and register an iRig Pro Duo, iRig Pro or iRig HD 2 audio interface, you'll get your choice of the ultimate guitar and bass tone studio AmpliTube 4 Deluxe for Mac/PC (\$/€299.99 value) or the high-End Mixing and Mastering Collection T-RackS Grand (\$/€199.99 value) — for Free.

IK's **iRig digital interfaces** give you superior sound quality in small compact packages. Each feature 24-bit analog-to-digital conversion and a best-in-class 96kHz sample rate that delivers an ultra clean, pure noiseless audio signal to devices and computers. They feature an input gain control for dialing in just the right amount of signal for playing and recording and have multicolor LED indicators for precise signal monitoring.

### **Qualifying Products:**

#### **iRig Pro Duo — \$/€199.99**

The universal dual channel audio/MIDI interface for Mac/PC, iPhone, iPad and Android. With iRig Pro Duo, you'll have a great way to record duos, song ideas or your entire band right out of the box. Plus you can hook up all your gear — guitars, basses, MIDI controllers, keyboards and studio microphones. iRig Pro Duo features 48v phantom power, and can be powered by the USB port on your computer. For compact portable pro audio on the go, get the iRig Pro Duo.

#### **iRig Pro — \$/€129.99**

The little brother of the iRig Pro Duo, the iRig Pro is a single channel audio/MIDI interface for Mac/PC, iPhone, iPad and Android. Not only can you rock out on your computer with AmpliTube 4 Deluxe, but you can get tasty tones on your smartphone as well! iRig Pro features a combo XLR & 1/4" input with phantom power for connecting your instruments, studio mics and more. Plus it also features a MIDI in port (and includes all the cables you need) for hooking up all of your outboard MIDI gear. iRig Pro is a complete, full featured interface that easily fits in your pocket or accessory compartment in your gig bag. For Pro Audio on the go, get the iRig Pro!

#### **iRig HD 2 — \$/€99.99**

iRig HD 2 gives you superior sound quality in a compact, mobile interface. It features 24-bit analog-to-digital conversion and a best-in-class 96kHz sample rate that delivers an ultra clean, pure noiseless guitar signal to devices and computers. It features an input gain control for dialing in just the right amount of signal for playing and recording and a multicolor LED indicator for precise signal monitoring.
